Strongbow Road & Strongbow Crescent
How might we improve residents' parking?

29 January 2018

Dear Residents

Sometime ago the Council made changes to parking arrangements in parts of Eltham.

Since that time a number of residents of Strongbow Road and Crescent have contacted us to say they are having increased difficulty parking close to their homes. In response to these concerns we are proposing to make changes to parking controls in and around Strongbow Road and Crescent, and would like to hear your views.

Firstly, we are proposing to change all the "free" parking bays to "E permit holders only" bays. This would mean that only motorists displaying CPZ E parking permits or visitor vouchers would be able to park in those bays Monday - Friday, 11am - 12.30pm. Currently there is room for around 35 vehicles in the "free" bays (see plan overleaf).

Secondly, we are proposing to change the parking bays in Glenlea Road so that they would allow free parking at weekends. Currently, motorists have to pay-and-display to park in Glenlea Road on Saturday.

Together these changes should make it easier for Strongbow Road and Crescent residents, and their visitors to find a parking space close to their homes on any day of the week. However, we would like to hear your views.

You are kindly asked to complete the attached questionnaire to indicate if you support this proposal and to return it to us before 23 February 2018.

Alternatively you may respond by email to brian.hanson@royalgreenwich.gov.uk. Your response will be treated confidentially.

Please feel free to use the 'comments' space to expand your views. Once we have considered your views a decision will be made and, in due course, we will advise you accordingly.

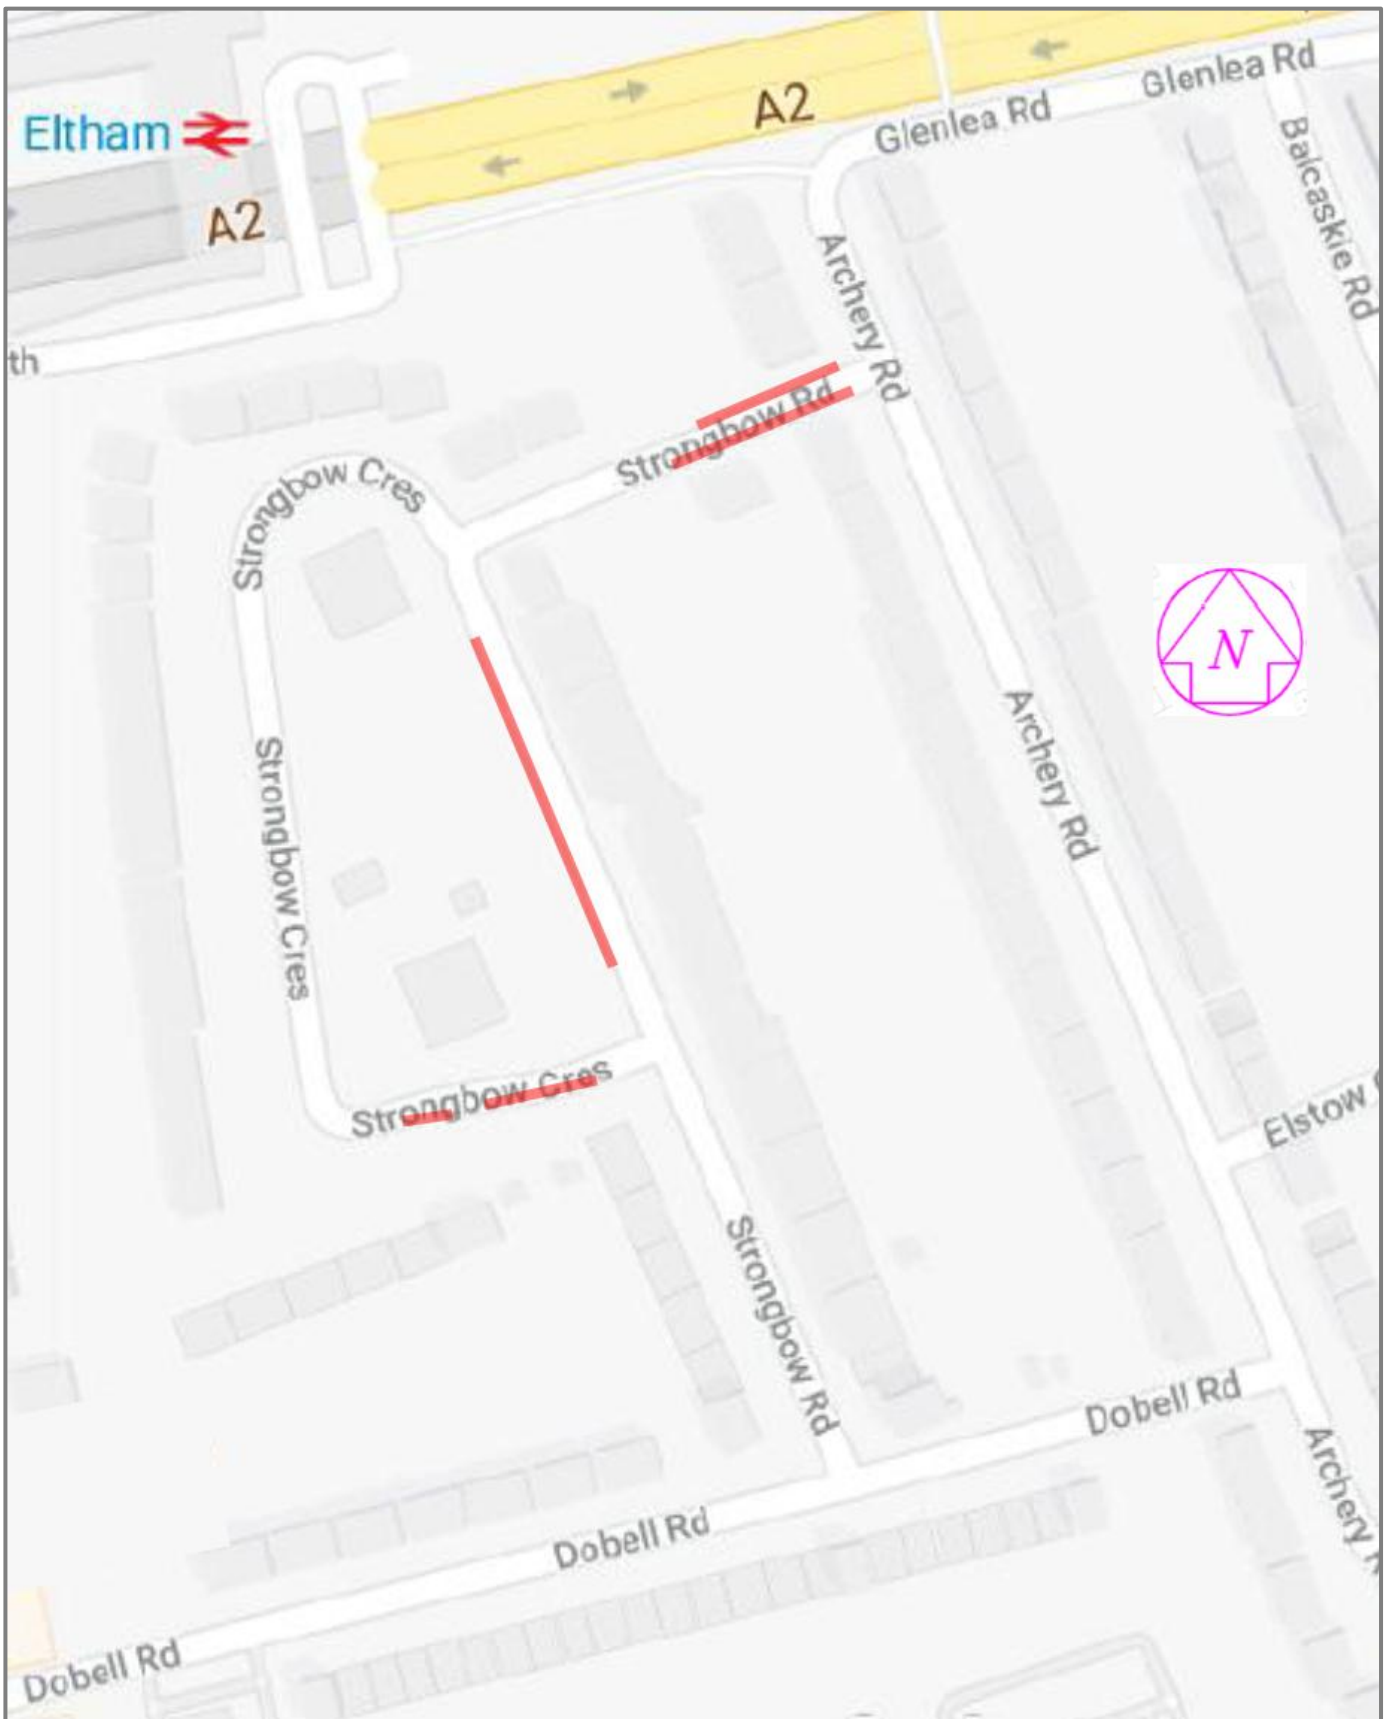

If you have any queries, please telephone 020 8921 6114.

Yours sincerely,

A handwritten signature in black ink that reads "Tim Jackson".

Tim Jackson
Assistant Director of Transportation

QUESTIONNAIRE

Name:.....

Address:..... Post Code:.....

Please answer
'yes' or 'no'

1) Does anyone in your household have a CPZ E parking permit?

2) Do you have difficulty finding parking space in Strongbow Road or Strongbow Crescent?

3) Do you support the proposal to change the "free" bays in both streets and replace them with CPZ E "permit holder only" bays?

4) Do you support changing the parking bays on Glenlea Road to allow free parking on Saturday?
